

Ohio GIS Professional 3D Physical Map Showcase 2019

- Each participant may submit multiple 3D Physical maps for the showcase.
- Since the showcase is not being judged, the participant may enter the Professional paper or Interactive Map Gallery competition. Please see rules and guidelines on the Ohio GIS conference page for details.
- 3D Physical map entry can be made by any means: 3D printer. Metal, resin, cardboard, legos, etc
- Examples: Topographic, choropleth
- **3D Physical map must be original work!**
- **Entry form** must be received by **Midnight Monday, September 16th, 2019** in order for your 3D map(s) to be displayed. Please see instructions on entry form.
- Map submitter must be a paid conference attendee. Co-Authors are not required to be present.
- All 3D map entrants shall sign-in as a registered attendee by **10 a.m. on Tuesday, September 24th**.
- 3D Maps will be set up by each entrant.
- If left behind at the conference, 3D maps will become the property of the Map Gallery Committee and will not be returned.
- Please note, by completing an Entry Form for the Map Gallery, you are not registering for the Ohio GIS Conference. **You will need to register for the conference separately.**

For questions, contact the Map Gallery Committee via ohiomapgallery@gmail.com

Taking GIS to a New Level
