 - d. Ohio URISA Update – Scott Snider
 - e. Ohio GIS Conference Update – Darlene Scott
- IV. Presentation**

Presentation this month will be from Patricia Moehring from the City Lebanon.

“GIS Server -- Flying, Skidding, or Scooting” I like to think that the City of Lebanon’s GIS has been scooting along for the past 10 years. However, I’ve recently heard some say that I might be flying by the seat of my pants when really I feel more like I’ve been skidding along the pavement – OUCH! What do you do when you really don’t know what hat to wear, you can’t find the hat you’re supposed to be wearing, and some jokester (your boss) sends you a new hat?
- V. Other Business**
- VI. Next Meeting – **March 28, 2011****
- VII. Adjourn**
